#1 New York Times bestselling author Ilona Andrews launches a brand new Hidden Legacy series, in which one woman must place her trust in a seductive, dangerous man who sets off an even more dangerous desireâ€¦

Nevada Baylor is faced with the most challenging case of her detective careerâ€”a suicide mission to bring in a suspect in a volatile case. Nevada isnâ€™t sure she has the chops. Her quarry is a Prime, the highest rank of magic user, who can set anyone and anything on fire.

Then sheâ€™s kidnapped by Connor â€œMadâ€• Roganâ€”a darkly tempting billionaire with equally devastating powers. Torn between wanting to run or surrender to their overwhelming attraction, Nevada must join forces with Rogan to stay alive.

Roganâ€™s after the same target, so he needs Nevada. But sheâ€™s getting under his skin, making him care about someone other than himself for a change. And, as Rogan has learned, love can be as perilous as death, especially in the magic world.
